**Rules:** The Trade Ideas Affiliate Program focuses on new sales acquisition while rewarding all affiliates with recurring commission. Our program generously pays up to 30% in commission with an additional 5% sub-affiliate referral commission on sales by partners who sign up under you. We ask that our Affiliates bring in at least 15 NEW sales every 6 months OR at least \$1500 every 6 months to remain in their current commission tier. If an Affiliate does not meet this threshold, they will move down to the next lower tier. Additionally, affiliates that do not have at least 1 new sale within a 6 month period will move to the Silver tier. If an Affiliate has 0 new sales within a 1 year period, their account will be suspended or possibly removed. Most of our active affiliate partners will meet these standards easily. However, some affiliates may need to work on more sales
